- JavaScript
- Android
- Cloud Computing
- TypeScript
- React Native
- HTML
- Java
- English Proficiency (Spoken)
- Docker
- CSS
- Node.js
- English Proficiency (Written)
- React

ADDITIONAL DETAILS

- Secured 2nd place at Jadavpur University Hackathon by building an AI-powered app that converted hand-drawn UI sketches into functional code, showcasing innovation, technical skills, and problem-solving under competitive conditions.
- Was the Robotics Club In-Charge at my school, leading a team of students in building, and programming robotic projects. Oversaw club activities, organized workshops and competitions and mentored members to enhance their technical skills and teamwork
